

# Sage CRM

Award winning Customer Relationship Management software

## Summary

Designed for all sizes of company, from 1 user to 100+, **Sage CRM** is sold in over 30 countries worldwide. **Sage CRM** is an award-winning, web-based customer relationship management (CRM) solution. It is a full-suite CRM solution comprising of sales, marketing and customer service automation.

Thanks to its end-to-end business integration capabilities, the **Sage CRM** front-office can be powered by data from the back-office to give sales, marketing, customer service and other front-office staff a true 360° view of customers across front and back-office functions, differentiating it from many other CRM solutions in the market today.

## Business Benefits

**Sage CRM** enables you to:

- Unify your sales, marketing and customer care functions making it easier for everyone to work together and share critical information
- Improve sales performance with sales automation tools that help sales professionals find and retrieve vital information quickly and easily
- Target the right customers, at the right time with a suitable message and put your marketing resources to their best use
- Resolve customer issues more quickly and efficiently by providing customer service professionals with user-friendly tools to organise, communicate, and solve customer questions more easily
- Allow your users access to vital customer information anytime and from anywhere

**Sage CRM** offers the outstanding performance that is essential for success in today's competitive business environment. It's easy to use and quick to deploy, so you can immediately start to build stronger relationships with existing customers, target new customers more effectively and drive your sales revenues. Tailored to match your individual business needs it can help you streamline your business processes.
